

Welcome to Lyra Residences

This stunning new project is Lyra Residences - just 15 luxurious modern homes, set in the peaceful area of El Campanario, between Marbella and Estepona.

The surrounding area is like a sweet shop for golfers with El Paraiso, Atalaya and Guadalmina courses all within easy reach. You will also find shopping, dining, banking and more in the local area.

The communal features of this magnificent project include a fully equipped gym, spa and an outdoor swimming pool, from which you can enjoy panoramic views.

All the homes offer underground parking for 2 cars, private gardens, spacious terraces, amazing solariums, and basements. These homes are ideal for family life and entertaining.

The open-plan layout of the ground floor offers modern kitchens, with integrated dining and living areas. These blend seamlessly to your outside space through large picture windows, flooding the property with natural light.

The rooftop solariums are perfect for enjoying the Costa del Sol weather and for making the most of the views.
